

Small Town Values--World Class Results

“The Spring Hill School District through the cooperative effort with the home and community, will provide an excellent academic education opportunity for all students to become critical thinkers, life long learners and responsible citizens in an ever-changing complex world.”

Goal 1 – The school district will increase academic achievement for every student.

Goal 2 – The school district will prepare, support, and retain competent, caring, and qualified teachers and administrators who demonstrate professionalism in the USD 230 community.

Goal 3 – The school district will maintain an orderly and safe school environment.

Goal 4 – The school district will increase communication with parents, families, patrons and the community at large.

All students shall have an equal opportunity to pursue and acquire knowledge and to master the curriculum's objectives. The program shall provide for student mastery of basic skills, higher order thinking skills, the ability to work in groups and individually, individual physical and mental well-being and other varied needs and interests of students. The curriculum shall be outcomes-oriented and the instructional program research-based.

The educational process shall be a comprehensive program undertaken in cooperation with parents, institutions and community programs.
