

IDAD Title Programs

IDAD

The board shall ensure the district's Title I programs operate in accordance with federal laws and conditions. The Director of Special Services is responsible for administering the district's Title I programs; assessing the educational needs of all students, particularly the needs of educationally disadvantaged children; developing appropriate communication channels between all parties; developing in-service training for parents and staff; and developing appropriate evaluation procedures.

Annual Parent Meeting

The Director of Special Services shall designate at least one meeting date each year for the purpose of providing parents of Title I students an opportunity to meet with school personnel in order to participate in the design and implementation of the Title I program.

Approved: November 10, 2003
