Our school is buzzing with anticipation as we prepare for a year filled with new opportunities for growth, learning, and achievement. We are committed to providing an environment where every student can thrive academically, socially, and personally. Together, we will foster a supportive and inclusive community that encourages excellence and celebrates success.

In the coming weeks, we will share more information about upcoming events and opportunities for parental involvement. Your engagement and support are important to us, and I look forward to partnering with you to ensure that each student has a fulfilling and successful year.

## HANDBOOK REMINDER

Per the SHHS **student handbook**, **smart/cell phones**, **headphones**, and **smart watches**, among other items, will be treated like **nuisance items** if not used with approval during class. Students must have permission from teachers on a day-to-day basis to use these devices. Nuisance items taken from students are sent to and stored in the front office until the end of the academic day. After the second offense, guardians must pick the items up from the front office, and after the third offense, students are eligible for suspension. Guardians can have messages delivered to students via the front office throughout the day or use their district-issued email account to reach them on their district-issued iPad.
