ACADEMICS

ACADEMIC HONESTY

Academic honesty refers to demonstrating and upholding the highest integrity and honesty in all the academic work that you do.

Cheating and plagiarism are common forms of academic dishonesty and subject to disciplinary action.

Cheating: Inappropriate means of completing, or helping another student complete, school work. This includes working on a shared digital document without teacher permission.

Plagiarism: Misrepresenting another's work as one's own, whether it is another person's ideas, words (including translators), lyrics, or images from a print source or the Internet.

1st Offense: A zero on the assignment/test in question and a conference with parents or guardians. Discipline referral written and will result in Tier 2 consequences assigned by the administrator.

2nd Offense: A zero on the assignment/test in question and a conference with parents or guardians. Discipline referral written and will result in Tier 3 consequences assigned by the administrator.

3rd Offense: Out of School Suspension and a conference with parents or guardians. A zero on the assignment/test in question.

ADVISORY

All students are assigned to an advisory period supervised by an advisory teacher. During advisory period, advisory teachers will be available to counsel and assist students. Advisory period programming includes academic check-ins, social-emotional development lessons, and mentoring.

GRADING SYSTEM

BOE Policy IHA

A (90 - 100%)	Consistently excels at or above grade level standard
B (80 - 89%)	Generally performs at grade level standard
C (70 - 79%)	Working toward grade level standard
D (60 - 69%)	Not making adequate progress toward grade level standard
F (59% or below)	No progress noted

GUIDANCE AND COUNSELING

BOE Policy IDAB

The guidance program is designed to meet the needs, interests, and abilities of all students.

School counselors are available to assist students with their academic programs and needs.

School counselors are also available to assist students in understanding themselves, understanding their capabilities and limitations, identifying alternative courses of action, and making appropriate personal decisions.

HOMEWORK

BOE Policy IHB

Homework shall be assigned as needed to support lessons introduced in the classroom.

Students should complete assigned work on time and to the best of their ability, assume responsibility for making up work when absent, communicate with the teacher regarding difficulties, and manage school and out-of-school activities to allow for successful completion of homework.

Parents should establish an appropriate time and place to complete homework, provide an appropriate physical and psychological climate to complete homework, help monitor—but not complete—the student's homework, and initiate

communication with the teacher when concerns arise.

Students will be allowed to turn in homework assignments up to the date of the formal or summative test for the material. Each teacher will establish a progressive grading policy for late work. After the formal assessment, teachers are under no obligation to allow late work for that material to be handed in, though they may do so. Students need to read the syllabus for each class to understand each teacher's homework expectations.

HONOR ROLL

Three honor rolls are compiled and published for each grading period of the school year. The honor rolls are:

Principal's A Honor Roll: To qualify for the Principal's A Honor Roll, a student must receive a 4.0 for that grading period.

Honor Roll: To qualify for the Stallion Honor Roll, a student must receive a 3.5 for that grading period.

B Honor Roll: To qualify for the B Honor Roll, a student must have a numerical 3.0 average with no grade below C.

LIBRARY MEDIA CENTER

Students are encouraged to make use of the library media center.

A student must have permission from his/her teacher to use the library during the school day. That may be communicated in the form of a pass or email.

Each student is to follow standards of behavior that will allow other students to pursue their academic or recreational reading free from distractions. A student may be suspended from the library for unacceptable behavior upon the recommendation of library personnel and approval of administration.

Guidelines for borrowing materials are established by the library media specialist. The student borrowing materials will be responsible for returning it on time and in good condition. Students with overdue materials may have their borrowing privileges restricted or revoked.

For lost or damaged library materials, the replacement cost will be charged to the borrower. The loss/damage should be reported to library staff immediately.

LONG-TERM ASSIGNMENTS

Long-term Assignments (LTA) are defined as those made more than 10 school days before the due date. LTAs are expected the day that they are due regardless of attendance. A school activity is not considered an extenuating circumstance. If absent for illness, the assignment is due at 8:00 a.m. the first day that the student returns. Appeals for extenuating circumstances can be made to the principal and/or teacher.

MAKE-UP WORK

BOE Policies IHEA, JBD

It is the student's responsibility to obtain make-up assignments from teachers following an excused or unexcused absence.

The student will have two days for each day's excused absence to make up work, up to one week's absence.

The district reserves the right to determine whether or not credit will be granted for make-up work resulting from unexcused absences or absences due to suspension or expulsion.

In the case of absences exceeding one week, school administration will determine the amount of time allowed to make up all missed assignments.

MIDDLE SCHOOL PROMOTION

BOE Policy JFB

Promotion in the Middle School shall be granted upon the completion of required units of study, as outlined for each grade level below:

6th Grade: Sixth grade students shall be promoted to seventh grade upon passing at least four units of study, of which three must be of English Language Arts, Social Studies, Science, or Mathematics.

7th Grade: Seventh grade students shall be promoted to eighth grade upon passing at least four units of study, of which three must be of English Language Arts, Social Studies, Science, or Mathematics.

8th Grade: Eighth grade students shall be promoted to ninth grade upon completion of at least four units of study, of which three must be of English Language Arts, Social Studies, Science or Mathematics.

SPECIAL SERVICES

BOE Policy IDAA

In addition to the basic educational program, the district provides programs to meet special needs for students who meet the qualifications.

Please contact your student's teacher or building administrators for additional information about special services.

TEXTBOOKS

Students are responsible for maintaining and returning all textbooks and materials issued to them.

Textbooks or materials lost, misplaced, or damaged beyond normal wear must be paid for by the student based on the value of the item at the beginning of the school year.

Student grade cards, schedules, and/or records will not be released until payment is received.

ACTIVITIES & ATHLETICS

ACTIVITIES/ORGANIZATIONS

BOE Policies JH, JHC

The school provides a variety of student activities and organizations to meet the needs and interests of the student body and as resources allow.

The principal is responsible for organizing and approving all student activities. All school-sponsored activities must be supervised by an adult approved by the administration.

Students may form clubs to promote or pursue specialized activities outside the regular classroom. Membership in student organizations must be open to all interested and eligible students. The building principal must approve school sponsored student organizations, and a staff member must serve as an advisor or supervisor.

ACTIVITY TRIPS

Members of school groups are to travel in school transportation provided for the purpose of their activity. This includes members of athletic teams, the spirit club, performance groups, etc.

A participant may be given permission to return home with their parent(s) or with the parent(s) of another student. The participant shall present a written request from their parent(s) to the coach. A sign out roster for parents/guardians to use on the day/evening of the activity meets written request requirement.

ANNOUNCEMENTS

All announcements, posters, and other items, placed on bulletin boards or posted around the building; must first be approved by the office.

ASSEMBLIES

BOE Policy IKE

Students should sit with their class in their designated area.

Students are expected to display appropriate behavior at all times and to treat the speaker(s) with the highest respect. Applause is the best way to express appreciation and support for the speaker(s). Talking, booing, whistling, and/or catcalls during an assembly are not allowed.

DANCES AND SOCIAL FUNCTIONS

Only middle school students in good standing are permitted to attend school sponsored social functions. No student is permitted to leave a dance or other school social function and return.

Students must be in attendance at school the full day to participate in any school sponsored activity unless otherwise approved by a building administrator.

ELIGIBILITY FOR ATHLETIC AND EXTRACURRICULAR PROGRAMS

BOE Policy JH

The eligibility requirements are consistent with those established by the Kansas State High School Activities Association (KSHSAA).

To be eligible to participate in any KSHSAA event, a student must meet all KSHSAA regulations on eligibility (age, physical exam form, verification of insurance, KSHSAA Head Injury form).

A student must be in good standing with regard to student conduct and discipline.

A student must meet the following academic requirements:

1. The student must have passed at least five new subjects of unit weight the previous quarter or the last quarter of attendance.
2. The student must be enrolled in and attending a minimum of five new subjects of unit weight (not previously passed) and in attendance during the present quarter.

3. The student must be in good academic standing. Academic standing will be reviewed weekly to meet eligibility requirements. Any student(s) receiving a grade at or below a C- will be notified. Any student receiving a failing (F) grade will be ineligible to participate in the following week's competition(s). This is a cumulative grade from the first day of the nine-week grading period to semester end. Students who are ineligible may be able to attend practices, depending upon the seriousness of the academic situation (coach's/administrator's decision).

FIELD TRIPS

BOE Policy IFCB

Class field trips from school require parent permission. Field trip permission forms will be sent home with students in advance of the date of the trip. The form must include the nature of the trip, departure time, expected return time, name of sponsor(s), and mode of travel. Students are required to travel to and from the field trip by transportation method identified on the permission form. A student may not accompany his/her class if the school does not receive a permission form.

Students must not be under suspension, expulsion restrictions, and/or have no outstanding detention time to serve in order to attend field trips.

FLOWERS, GIFTS, AND MESSAGES

We ask that no flowers, gifts, etc. be delivered to the school to avoid disruption to the educational process. If such an item is delivered, the item will be held in the office until the end of the school day. The school will not be responsible for ensuring delivery/pickup of items to individuals.

Messages from parents will be delivered to students as soon as they are received in the office. Office staff will not take messages from individuals other than parents/guardians unless it is an emergency.

Students will not be called out of class to receive messages or items they have forgotten at home unless the office feels it's an emergency.

PRACTICE/PARTICIPATION PHILOSOPHY

In order to practice or participate, all students who take part in school activities must be in attendance all day on the same day as a practice session or scheduled activity and must be in good standing. Athletics and/or activity participants must notify the coach or sponsor when they have to miss practice. In the event of a suspension (in-school or out-of-school) students are considered not in good standing and will not be allowed to participate.

PARENT TEACHER ORGANIZATION

Each school has a Parent Teacher Organization (PTO). These organizations are separate entities and are not affiliated with school district operations. Contact your school office or visit the school website to get contact information for the school PTO.

SCHOOL SITE COUNCIL

BOE Policy IB

Each school has a School Site Council (SSC). Each council is responsible for providing advice and counsel for evaluating state, school district, and school site performance goals and objectives and in recommending methods, which may be employed at the school site, to meet these goals and objectives.

The membership of each council includes, at a minimum, the building principal, and representatives of: teachers and other school personnel, parents of students attending the school, the business community, and community leaders.

ATTENDANCE & ENROLLMENT

ATTENDANCE

BOE Policies JB, JBD

Daily attendance records are maintained for each student in each school. A cumulative attendance record for each student is also maintained. The attendance record will indicate if the absence is excused or unexcused.

The following are considered to be excused absences:

- Personal illness verified by a parent and approved by the principal. When a student is absent three or more consecutive days, a doctor's note may be required to re-enter. Extended illness verified by a doctor can be considered excused at the discretion of the administration
- Medical appointments verified by a signed appointment card or a doctor's written statement and approved by the principal
- Trips with a student's own parents verified by a parent and approved in advance by the principal
- Unusual, unforeseen, or emergency circumstances as verified by a parent and approved by the administration
- Parent's prior formal written request for absence of a student and approved by the administration
- Family Bereavement
- Religious observance
- Administrative prerogative

Any absence that does not meet the above criteria will be considered unexcused.

Parents/guardians are expected to call the school at the beginning of any absence and inform school personnel of the reason for and anticipated length of the absence.

ENROLLMENT

BOE Policy JBC

All students enrolling in the district for the first time must provide parent/guardian identification, proof of residency, student birth certificate, immunization records, a current physical, and school records (transfer students only).

Resident students attend school buildings according to school boundaries as set by the

Board of Education. A "resident student" is any child who has attained the age of eligibility for school attendance and (1) lives with a parent or a person acting as a parent who is a resident of the district; (2) lives in the district as a result of placement by a district court or the Kansas secretary for child and families; or (3) is "homeless" as defined by Kansas law

For purposes of this policy, "parent" means the natural parents, adoptive parents, step-parents and foster parents. For purposes of this policy, "person acting as a parent" means a guardian or conservator, a person liable by law to maintain, care for or support the child, a person who has actual care and control of the child and contributes the major portion of the cost of support of the child or a person who has actual care and control of the child with written consent of a person who has legal custody of the child or person who has been granted custody of a child by a court of competent jurisdiction.

ENROLLMENT FEES

BOE Policy JS

District enrollment fees are annually reviewed and approved by the Board of Education. Once approved, district enrollment fees are posted to the district website.

Enrollment fees will be reduced for students starting after the first day of school in August. No full refunds will be made. Refunds for students withdrawing from school will be made upon request for quarters the student will not be in attendance. No refunds will be made after April 1.

Students who owe fees or have not returned school property due may not receive grade reports or diplomas until accounts are settled.

LEAVING THE BUILDING

When parents request that students leave campus during the school day, a telephone call to the main office is required, and a permit to leave must be secured from the office.

During the school day, students must secure permission from a parent and from the office before missing a class or leaving campus. Any unauthorized absence will be considered truant and a disciplinary referral will be made.

TARDY

Admission to class following tardiness to school requires that students check in at the front office when they arrive any time after the start of the school day.

Tardies due to unusual, unforeseen, or emergency situations as verified by a parent and approved by the administration will be excused.

When a student arrives late to school after a medical appointment, he/she will not be counted tardy if he/she has a note on the doctor's letterhead (or prescription pad paper) verifying the date and time of the appointment. Please make every attempt to schedule appointments in such a way that students do not consistently miss the same class.

Tardies to school may result in detentions, which must be served from 7:30 a.m. to 8 a.m. in the office. This process starts over at the beginning of each semester.

Unexcused tardies per class will result in progressive disciplinary action: warning on second tardy, tenth hour on the third, tenth hour and parental contact on the fourth, disciplinary referral to the office on the fifth tardy, which may then result in an office detention, or in-school suspension. Continued unexcused tardies to school/class will result in more severe disciplinary action.

TRUANCY

BOE Policy JBE

Truancy is defined as any three consecutive unexcused absences, any five unexcused absences in a semester or seven unexcused absences in a school year, whichever comes first. School year means the period from July 1 to June 30. Students who are absent without a valid excuse for a significant part of any school day are considered truant.

The building principal or other district administrator will report students who are inexcusably absent from school to the appropriate authority. Prior to reporting to either Kansas Department of Children and Families (if the student is under 13) or the county or district attorney (if the student is 13 or more years of age but less than 18 years of age), a letter will be sent to the student's parent(s) or guardian notifying them that the student's failure to attend school without a valid excuse resulted in the student being reported truant.

WITHDRAWAL PROCEDURE

When a student is withdrawing from the school district, the school district requires a formal records request from the student's new school district. A formal checkout must occur before any records will be sent.

CODE OF CONDUCT

ALCOHOL AND DRUG-FREE SCHOOLS

BOE Policy JDDA

Students shall not unlawfully manufacture, sell, distribute, dispense, possess or use illicit drugs, controlled substances or alcoholic beverages at school or on school district property, or at any school activity.

Any student who is reasonably suspected of consuming illicit drugs, controlled substances, and/or alcoholic beverages before entering any school grounds or attendance center, at any school-sponsored activity off school grounds or traveling to and from any school-sponsored activity, shall be refused entrance and admission and may be subject to discipline up to and including suspension or expulsion.

Any student violating the terms of this policy will be reported to the appropriate law enforcement officials, and will be subject to detention, in-school suspension, out-of-school suspension, long-term suspension, and/or expulsion.

BACKPACKS

To provide the safest learning environment USD 230 Middle Schools do not permit the use of backpacks to be used to transport materials from classroom to classroom. Backpacks are intended to transport student supplies from home to the school. Once at the school backpacks shall stay in student lockers. Requests for exceptions can be made for administrative approval for medical or special circumstances.

BULLYING

BOE Policy JDDC

The board of education prohibits bullying in any form, by any student, staff member, or parent, towards a student or a staff member, on or while using school property, in a school vehicle, or at a school-sponsored activity or event.

Kansas anti-bullying laws includes the following definition of bullying:

"Bullying" means:

(A) Any intentional gesture or any intentional written, verbal, electronic or physical act or threat either by any student, staff member or parent towards a student or by any student, staff member or parent towards a staff member that is sufficiently severe, persistent or pervasive

that such gesture, act or threat creates an intimidating, threatening or abusive educational environment that a reasonable person, under the circumstances, knows or should know will have the effect of:

(i) Harming a student or staff member, whether physically or mentally;

(ii) damaging a student's or staff member's property;

(iii) placing a student or staff member in reasonable fear of harm to the student or staff member; or

(iv) placing a student or staff member in reasonable fear of damage to the student's or staff member's property;

(B) cyberbullying; or

(C) any other form of intimidation or harassment prohibited by the board of education of the school district in policies concerning bullying adopted pursuant to this section or subsection (e) of K.S.A. 72-8205, and amendments thereto.

Kan. Stat. Ann. § 72-6147 (2013)

Students who have bullied others in violation of this policy may be subject to disciplinary action, up to and including suspension and/or expulsion. If appropriate, students who violate the bullying prohibition may be reported to local law enforcement.

DETENTIONS

Teachers will assign classroom detentions to students as a method of maintaining discipline in the classrooms or hallways. After a teacher has assigned a detention to a student, that student has two days to serve his/her detention. The two days include the day the detention was assigned.

Failure to serve a teacher-assigned detention results in a disciplinary referral to the office. An administrator will then assign the student an administrative detention after school on designated Fridays that will double the original detention time.

Students who miss/skip class periods (excessive tardies or absences) will be assigned a Disciplinary Referral and receive an administrative detention after school on designated Fridays.

Failure to serve any assigned administrative detentions from the administration or attendance secretary will result in out of school suspension

the following Monday.

Students who have not completed assigned detention times or suspension time will be considered as 'not in good standing' and prohibited from attending school dances or participating in school activities.

DISCIPLINE

Parents, teachers, and administrators have the responsibility to protect the rights of students, while maintaining an educational atmosphere conducive to the teaching and learning process. We expect all students to behave appropriately at school.

When students make choices that violate the code of conduct, disciplinary action may be necessary.

For all rule violations, administrators reserve the right to exercise professional judgment in dealing with individual disciplinary situations. Administrator reserves the right to speak with the students, without parent consent, about rule violations.

DISCRIMINATION

BOE Policy AC

The District is committed to maintaining an educational environment and workplace that is free from discrimination, harassment, and retaliation in admission or access to, or treatment or employment in, its programs, services, activities, and facilities. The District will provide equal opportunity in all areas of education, recruiting, hiring, retention, promotion, and contracted service.

The District strictly prohibits discrimination and harassment against students, employees, or others on the basis of race, color, ethnicity, national origin, religion, sex/gender (to include orientation, identify or expression), age, disability, genetic information or any other basis prohibited by law.

Any form of discrimination or harassment toward any person associated with the District, regardless of where the conduct occurs, is a violation of this policy. The District also strictly prohibits retaliatory actions against those who engage in protected activities.

DRESS CODE

BOE Policy JCDB

Middle school dress and grooming code is the responsibility of the parents, students and school system. Since all three are interested in the best quality education that can possibly be offered to our youth, it should be a joint effort. The general atmosphere of the school must be conducive to learning. Students are expected to use good judgment in determining dress for school. If a student's general appearance attracts undue attention to the extent that it becomes a disruptive factor in the school, a building administrator will ask the student to make the necessary changes. Failure to comply will be grounds for suspension.

While it is impossible for guidelines to cover every possible scenario; when selecting clothes for school students and parents should consider the following:

- Hats are not to be worn during the school day
- Clothing referencing tobacco, vaping, drugs, alcohol or gangs is prohibited.
- Clothing with profane language or symbols are prohibited.
- Clothing cannot promote or convey hate messages.
- Clothing must not endanger the safety of the wearer or other individuals.
- Clothing must not distract from the learning environment.
- Clothing must appropriately cover the wearer.
- Coaches, directors, or sponsors may have more stringent guidelines for students in their programs.

ELECTRONIC DEVICES

All electronic devices are to be secured in lockers or backpacks during class when not in approved classroom use.

Examples of electronic devices include but are not limited to cell phones, smart watches, smart devices, e-readers, portable audio players, earbuds, etc.

Failure to do so will result in treating the electronic device as a nuisance item.

Students are permitted to use an electronic device during class when use is approved by the classroom teacher.

Students are permitted to use electronic devices

before and after school, during passing periods, and during lunch so long as they do not interfere with the school learning environment.

The school is not responsible for lost or stolen electronic device items.

HALL PASSES

Proper behavior is expected at all times in the halls. Students in the halls during class time must have a hall pass from the office or teacher. Loitering in halls is not permitted. Students traveling in the halls are expected to maintain a reasonable degree of quiet and proper behavior. Students may be denied hall passes if they violate appropriate behavior codes while using a hall pass.

HAZING/INTIMIDATION/MENACING

The board is committed to providing a positive and productive learning and working environment. Hazing, intimidation, or menacing is strictly prohibited.

Students whose behavior is found to be in violation of this policy will be subject to discipline, up to and including expulsion.

Publishing/posting images or messages recorded at school or a school event to social media that causes a disruption of the school learning environment, as determined by the school administration, will fall under the school's progressive discipline policies. Such recordings may include, but not be limited to, still images, text messages, video recordings, and/or voice recordings.

NUISANCE ITEMS

No nuisance items are to be in the possession of students on the school premises. This includes fireworks, water guns, balloons, animals or parts of animals, noisemakers, pocket knives, puzzle cubes, or any other item not required in the course of the program.

Nuisance items taken from students will be kept in the office until the end of the school day.

After the second offense and every time thereafter, parents are required to come to school to pick up the nuisance item.

An in-school suspension is given for confiscation of a nuisance item for the third time.

An out of school suspension will be given every time thereafter.

The school is not responsible for lost or stolen nuisance items.

PROPERTY DAMAGE

Everyone is held accountable for the damage of school property. The person(s) responsible must pay for accidental or intentional damage. Damage which is intentional or results from inappropriate behavior will also require disciplinary action which may include suspension.

SEXUAL HARASSMENT

BOE Policies GAAC, JGEC

The board of education is committed to providing a positive and productive learning and working environment, free from discrimination on the basis of sex, including sexual harassment. Sexual harassment shall not be tolerated in the school district. Sexual harassment of employees or students of the district by board members, administrators, certified and support personnel, students, vendors, and any others having business or other contact with the school district is strictly prohibited.

The district encourages all victims of sexual harassment and persons with knowledge of such harassment to report the harassment immediately. Complaints of sexual harassment will be promptly investigated and resolved.

STUDENT CONDUCT

BOE Policy JCD

An appropriate atmosphere for learning requires that students act in a safe and responsible manner. Respect for the rights of others is central to the maintenance of such an atmosphere.

Any acts that interfere with the learning process or infringe upon the rights of fellow students and/or members of the staff will not be tolerated on school grounds or at any school activity.

Some student acts may be referred to law enforcement personnel.

SUSPENSION, IN-SCHOOL

BOE Policy JDD

In-school suspension (ISS) placement has been designed to minimize the loss of academic learning opportunities during an out-of-school suspension. During in-school suspension, students are provided assigned material to complete that relates to their normal classroom activities. Students are responsible for obtaining missed assignments and completing that work per the excused absence policy. All work supplied to a student in ISS will be completed by the end of the day, or the student will stay in ISS until the work is completed. Students will be expected to abide by the in-school suspension guidelines and complete a reflective essay. Work completed during in-school suspension will be given to the appropriate teacher for class credit.

SUSPENSION, OUT-OF-SCHOOL

BOE Policy JDD

Procedures for suspending or expelling students are specified by the Board of Education. The policy prescribes requirements for notification of students and their parents or guardians, hearing procedures, protection of students' due process rights, and an appeal provision.

Students who receive a short-term suspension (one to ten days) are expected to complete all work missed during the term of the suspension.

During the period of suspension, students are ineligible to attend or participate in extracurricular activities or be on district property.

TECHNOLOGY USE

BOE Policy IIBG

Students are responsible for the proper use and care of district technology in their use or possession. This includes all classroom technology, computer lab technology, and district-owned personal computing devices loaned to the student.

Students must not use district-owned technology for illegal nor inappropriate uses at any time. The district network refers to the network provided on school grounds for educational use. The guidelines for district-owned computers cover use both at school and away from school.

Students who have been loaned a district

computing device shall abide by the requirements of the Loan Agreement and the Damage/Loss Program.

Students are bound to the details of the Student Acceptable Use Policy provided at enrollment.

THREATS OF VIOLENCE

A student has the responsibility to report threats of violence, by another student or groups of students, promptly to any district employee.

A report based on "reason to suspect" does not require proof that threats of violence will occur or actually occurred or that the reporter witnessed the threat. The evaluation of threats of violence will be the responsibility of the building administrator and/or law enforcement officials.

WEAPONS AND DANGEROUS INSTRUMENTS

BOE Policy JCDBB

A student shall not knowingly possess, handle or transmit any object that can reasonably be considered a weapon at school, on school property or at a school-sponsored event. This shall include any weapon, any item being used as a weapon or destructive device, or any facsimile of a weapon.

Possession of a firearm or other weapon shall result in expulsion from school for a period of one calendar year, except the superintendent may recommend this expulsion requirement be modified on a case-by-case basis (see BOE Policy JDC). Possession of a facsimile of a weapon may result in suspension or expulsion.

The superintendent or the superintendent's designee shall conduct expulsion hearings for possession of a weapon. Students violating this policy shall be reported to the appropriate law enforcement agency(ies) and if said student is a juvenile, to the Department of Children and Families (DCF) or the Commissioner of Juvenile Justice.

If the student arrives at school with a pet or service/therapy dog and previous approval has not been obtained, the parents/guardians will be immediately notified and requested to come to the school to retrieve the animal until it can be determined that the presence of the service/therapy dog in school is in compliance with the law. NUTRITION

FREE AND REDUCED PRICE MEALS

BOE Policy EE

Parents or guardians of students attending schools participating in federal school meal programs must be informed of the availability of reimbursable school meals and provided with information about eligibility and the process for applying for free or reduced price meals on or before the start of school each year.

Free and Reduced Price Meals applications are available at each school, the district office, and on the district website. Parents or guardians should return the completed form to their school of attendance.

LUNCH

Every student is expected to buy or bring lunch. Breakfast and lunch meals are offered daily with prices adjusted for students and adults. All schools have a closed lunch period, which means students are not allowed to leave school grounds during this time.

MEAL CHARGES

BOE Policy EE

The district's meal charging requirements are as follows:

A charge account for students paying full or reduced price for meals may be established with the district. Students may charge no more than six meals to this account. Charging of a la carte or extra items to this account will not be permitted.

Any student failing to keep his/her account solvent as required by the district shall not be allowed to charge further meals until the negative account balance has been paid in full. However, such students will be allowed to purchase a meal if the student pays for the meal when it is received. Students who have charged the maximum allowance to this account and cannot pay out of pocket for a meal will not be provided a school meal.

At least one written warning shall be provided to a student and his/her parent or guardian prior to denying meals for exceeding the district's charge limit. If payment of the negative balance is not received within 5 working days of the maximum charge limit being attained, the debt will be turned over to the superintendent or superintendent's designee for collection in accordance with board policy DP. If the debt is not paid within 10 days of mailing the final notice of the negative account balance under policy DP, it shall be considered bad debt for the purposes of federal law concerning unpaid meal charges.

Payments for school meals may be made at the school, district office, or online at www.usd230.org. Students, parents, and guardians of students are encouraged to prepay meal costs.

It is a parent's responsibility to provide a current valid court order to the school. Without a court order, one parent cannot replace information provided by the other parent.

Any parent may obtain copies of school information such as report cards and progress reports upon request to a child's principal, unless otherwise prohibited by law or court order.

This inspection may be done by administration or with the use of dogs. The school cannot be responsible for personal possessions that are lost or stolen. Each student is responsible for the proper care of the locker. Students will be charged replacement/repair cost for vandalism or damage. Student behavior in the locker area must be orderly. Students are to help keep the area clean. Students should secure all items of value in both gym and hallway lockers at all times. Instrument lockers will not be used to store any materials not needed for music instruction. The decoration of lockers for non-school sponsored activities is prohibited.
