

# 2024 State Assessment District Comparison

Dr. Erin Smith  
*Director of Teaching and Learning*

# Overview

## **Kansas Assessment Program - General Summative Assessment**

The English language arts (ELA), mathematics, and science assessments are part of the federal elementary and secondary education legislation. The general assessment:

- measures specific claims related to the Kansas Standards in grades 3-8 and high school,
- reports individual student scores along with each student's performance level, and
- provides subscale and total scores that can be used to improve a building's or district's programs in ELA, mathematics, and science.

### **ELA and Math Assessments:**

Grades 3-8, and 10

### **Science Assessment:**

Grades 5, 8, and 11

## Comparison

The data presented in the slide deck compares the Spring Hill School District's **brick-and-mortar schools** to other public school districts in the state of Kansas.

The data from the virtual program is **not** included.
