Dental Screenings Communication from the District

Per the Kansas State Statute 72-6251, all children in Kansas schools are required to have free dental screenings offered annually. Our district has been fortunate enough to work with the Kansas Department of Health and Environment to complete this requirement in years past. Unfortunately, KDHE, as well as other organizations, have had difficulty obtaining enough qualified volunteers to fulfill the needs of all the school districts. At this time, Spring Hill Elementary School will continue with dental screenings as usual as they are identified to have the highest need in the district. USD 230 is committed to the health and wellbeing of our students. As such, we have begun to implement a plan for dental screenings for the 2026 school year to ensure our students are healthy and educated.
