## 2024-25 Kindergarten/First Grade Bus Form

Dear parents/guardians of kindergarten/first grade bus riders,

For the safety of our younger bus riders, Spring Hill Schools and First Student – Spring Hill require that kindergarten/first grade bus students be dropped off with an adult after school.

We understand this may be a challenge for some families. You may choose to opt-out of this procedure for your student(s). Please return this form with your 2024-25 transportation application or to your school office. Please initial one of the options below, sign and date the form.

\_\_\_ I will have an adult present every day at the bus stop to meet my student(s).

\_\_\_ My child may be dropped off at the bus stop if an older sibling is getting off at that stop OR is available to meet them at the bus stop.

\_\_\_ I am unable to have an adult at the bus stop after school. I am providing my consent for my first grader to be dropped off at the bus stop without an older sibling or adult present.
