The numerator and denominator in the Five-Year Averages contain total student counts over five years (2017-2021) and are rounded to the nearest whole number.

- Graduation Rate:** The 4-year adjusted cohort graduation rate is the number of students who graduate in four years with a regular high school diploma divided by the number of students who entered high school as 9th graders four years earlier (adjusting for transfers in and out).
- Success Rate:** A student must meet one of the four following outcomes within two years of High School graduation.
  - Student earned an Industry Recognized Certification while in High School.
  - Student earned a Postsecondary Certificate.
  - Student earned a Postsecondary Degree.
  - Student enrolled in Postsecondary in both the first and second year following High School graduation.
- Effective Rate:** The calculated Graduation Rate multiplied by the calculated Success Rate.

**GRADUATION RATE**

The four-year adjusted cohort graduation rate is the percentage of students in a cohort, adjusted for transfers into and out of the school, district, or state, who graduate with a regular high school diploma within four years of entering high school.
