

These resources have been gathered by the counselors and social workers of your district. We, as a team, want to support you and your student(s) as best we can. Please reach out to us via email if you have further questions about a resource or need additional guidance and support.

Community Resources

Please note: USD 230 cannot legally recommend individuals or groups in private practice for outside counseling or evaluation. However, we would like to support you by providing resources available in the community. You may also want to consider contacting your family physician or insurance company before contacting an outside agency.
