

Quick Start Guide for Families

Using the Student Learning Center in Kindergarten

Welcome to *Everyday Mathematics*!

Your student is in a classroom using *Everyday Mathematics* and will be accessing online resources.

Exploring the *Everyday Mathematics* Student Learning Center

After you login, your student will come to the lesson landing page. The landing page always shows today's lesson.

Lesson Resources

Resources for today's lesson will be here, if available. They include Activity Cards, Activity Sheets, and Game sheets.

EM Games Online

Click here to play games with your student like the ones they play at school.

EM at Home

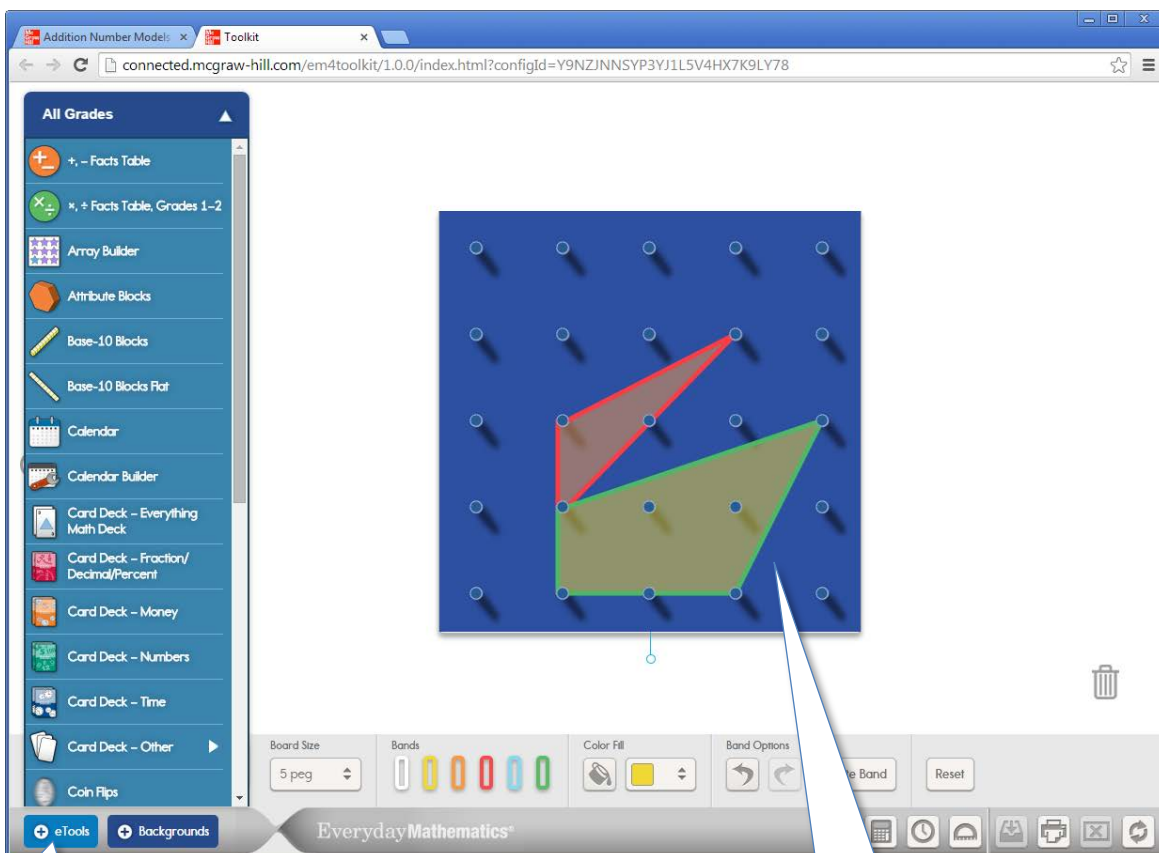

Links to resources for families. Includes PDFs of Home Links, Family Letters, a literature list, Do-Anytime Activities, and more.

eToolkit

Have fun exploring the eToolkit, which contains virtual versions of math manipulatives.

eToolkit

You and your student may have fun exploring the eTools the eToolkit. The eToolkit will open in a new tab or window, with access to all eTools in the eToolkit.

eTools

Click the eTools button to open a menu that shows all the eTools available. Click on the eTool you would like to explore.

Drag the eTool to the Workspace

Drag the eTool into the workspace. Use the panel at the bottom to change the settings of the eTool.
